

FY 2014-15 BWSR GENERAL SERVICES GRANTS

Summary

Each year the State, through the Board of Water and Soil Resources (BWSR) provides soil and water conservation districts with “general services” grants to support basic operations. There are three general services grants:

1. **Conservation Delivery Grant** - This grant supports overall operation of the SWCD. The Isanti SWCD uses these funds for insurance, supervisor per diems, wages, utilities and other general expenses.
2. **Easement Delivery Grant**—These funds are to inspect or promote RIM easements.
3. **State Cost Share**—These funds are to be directed toward projects with environmental benefits. The Isanti SWCD currently uses these funds for staff time on project technical assistance.

Below is a summary of these grants to the Isanti SWCD.
