

Isanti SWCD Staff

## Get to know Todd!

Todd Kulaf is Isanti SWCD's Conservation Technician.

**Why did you want to work for Isanti SWCD?** Growing up I very much enjoyed the outdoors. As I got older, I began to really respect natural resources. I knew working for a MN SWCD would allow me to protect the environment and make a positive impact on the things I love so much.

**How long have you been working for Isanti SWCD?** 7 years

**What are your interests and hobbies?** I am a big sports fan. I grew up a Sconi boy, so I love the Green Bay Packers, GO Pack GO. Really enjoy outdoor activities like, fishing, hiking, water skiing and anything else involving water. Every spring I tap maple trees to make maple syrup. In 2021 I boiled down almost 1 ton of sap!

**What does your family look like?** I met my wife in college and we have two boys, Bennett 2.5 and Briggs 11 months. We also have Marv, our 3 years old Golden retriever and a cat named Brain.

**What did you do before you came to the Isanti SWCD?** I graduated college from the Harvard of the North (St. Cloud State University 😊). After college, I worked for the University of MN, Pope SWCD, NRCS, and Mille Lacs SWCD.

**What are your favorite music genres?** I enjoy most music. It really depends on what I'm doing at the time. Playing yard games at the cabin usually constitutes for some classic rock, blue grass is great yard working music, and some 90s county is always great for Saturday nights.

## Isanti SWCD Staff

**Do you have a bucket list? What's on it?** I like to travel so a few places I want to visit are Nashville, the Red Wood Forest and Switzerland. Long term, after retirement, building a home on a lake, relaxing and enjoying Friday night fish fry at the local super club is top priority!
